CASE 1:Beijing StarTimes Group in Africa

北京四达时代集团，一个中国民营企业成为如今非洲影响力最大的国外数字电视运营商。2011 年 10 月，由四达时代播出、中国国际广播电台译制的斯瓦西里语版《媳妇的美好时代》在达累斯萨拉姆开播，说着一口斯瓦西里语的“毛豆豆”一时间红遍坦桑尼亚的大街小巷，受到非洲朋友们的喜爱，四达时代推出了中国影视剧和中国功夫频道。Beijing StarTimes Group, a Chinese private enterprise, has become the most influential foreign digital television operator in Africa today. In October 2011, the Swahili version of the Chinese TV drama “A Beautiful Wife’s Era,” broadcast by StarTimes and translated by China Radio International, premiered in Dares Salaam. “Mao Doudou,” who speaks Swahili, became an overnight sensation on the streets of Tanzania, winning the affection of African friends. StarTimes has launched channels for Chinese dramas, films, and kung fu.

同年成立译制中心，招募专业人员用英、法以及非洲本地语译制配音中国影视剧。为了破解译配成本高、产量低、可持续性差的问题，四达开始采取“两地操作、分别实施”的方式，即**中国影视剧的英、法语译配在北京总部完成，非洲本地语译配在非洲肯尼亚总部完成**，如今，四达时代在北京有全国最大的译制配音中心，每年能译制配音 1 万多小时，可翻译成 12 种语言。

In the same year, StarTimes established a translation and dubbing center and recruited professionals to translate and dub Chinese TV dramas and films into English, French, and local African languages. To address the issues of high translation and dubbing costs, low output, and poor sustainability, StarTimes began to adopt a “two-site operation, separate implementation” approach. This means that the English and French translation and dubbing of Chinese TV dramas and films is completed at the Beijing headquarters, while the translation and dubbing into local African languages is done at the African headquarters in Kenya. Nowadays, StarTimes has the largest translation and dubbing center in Beijing, capable of translating and dubbing over 10,000 hours per year into 12 languages.

2022年，四达时代拥有5000多名员工，其中75%为外籍。由于中非文化差异，非洲员工对“周末加班”等规定感到不解，常有不按规定随意缺勤现象。他们的自由天性和文化水平较低导致工作效率问题，对中方管理者构成挑战。四达采取遵守和尊重当地文化的策略，如斋月调休、非强制加班，改月薪为周薪，帮助员工建立储蓄观念，并通过团建活动鼓励员工表达意见。同时，针对非洲员工特点，制定详细工作流程，派中国员工教授基础文化和专业技术。为解决非洲本地语人才短缺，四达举办配音大赛选拔人才，并计划在各国建设“译制中心”，大赛胜出者将赴京培训，成为非洲译制中心骨干，为当地创造就业，培养广电人才，推动数字电视技术发展。已有100多名外籍员工进入管理层。

In 2022, StarTimes employed over 5,000 staff, with 75% being foreign nationals. Due to cultural differences between China and Africa, African employees found it **hard to grasp regulations such as “weekend overtime work,”** often resulting in **unauthorized absences**. Their free-spirited nature and lower educational attainment led to **issues with work efficiency, posing challenges for Chinese managers.** StarTimes **adopted** a strategy of adhering to and **respecting local culture**, such as **allowing flexible rest during Ramadan and non-mandatory overtime on Sundays, changing monthly salaries to weekly payments,** and helping employees **develop savings habits**. Team-building activities were also organized to **encourage staff to voice their opinions.**

Additionally, StarTimes established detailed work procedures **suited to the characteristics of African employees** and sent experienced Chinese staff to **teach them basic culture and technical skills**. To address the shortage of local language talent in Africa, StarTimes held **dubbing contests to select potential candidates. Winners of these contests were offered training opportunities in Beijing and were expected to become the core of the local dubbing centers**. This not only created new employment opportunities and increased the employment rate but also cultivated outstanding professionals in the broadcasting industry, promoting the development of digital television technology in Africa. **More than 100 foreign employees have been promoted to management positions.**

Case 2 :Hisense in South Africa

2013 年，**海信**在南非开普敦共同投资3000万美元兴建了面积超过10万平米的海信南非工业园，工厂建立之后海信南非团队也不断壮大，到2021年，海信南非已有 1000多名员工， 90%以上的员工都是本地人，但是南非依然是海信海外公司中中方员工最多的一个市场。面对如此多的中方外派员工，海信必须解决他们的“后顾之忧”，让其放心、安心地在南非安家，巩固好市场开拓的“大后方”。

In 2013, Hisense jointly invested $30 million to establish the Hisense South Africa Industrial Park in Cape Town, covering an area of over 100,000 square meters. Following the establishment of the factory, the Hisense South Africa team continued to grow, and by 2021, Hisense South Africa had more than 1,000 employees, with over 90% being locals. However, South Africa still has the largest number of Chinese expatriate employees among Hisense’s overseas companies. Faced with such a large number of Chinese expatriates, Hisense must address their concerns and provide them with a worry-free environment so that they can settle comfortably and securely in South Africa, thus solidifying the “home front” for market expansion.

正如前海信南非总经理刘斌所说，“**一个中国人，不解决吃住问题，在非洲出差待一个月没问题；如果再解决了吃住问题，公司有食堂、住宿，待个半年没问题；如果再把他的家庭问题解决了，可以在非洲好几年甚至不回来了。**”在约翰内斯堡和开普敦的工厂里，食堂、宿舍和医疗诊所一应俱全。也鼓励员工把家安在当地，2013 年，就有15 个中方员工的小孩在当地出生。吃饭和住宿都解决了，孩子也在那出生了，**中方员工逐渐把南非当作自己的“第二故乡”，积极为这个“故乡”的发展做出自己的贡献。**

As former Hisense South Africa General Manager Liu Bin put it, “For a Chinese person, if the issues of food and accommodation are not solved, it’s fine to be on a business trip in Africa for a month; but if these issues are solved, with the company providing canteens and housing, staying for six months is no problem; and if their family issues are also resolved, they can stay in Africa for several years or even not come back at all.” In the factories in Johannesburg and Cape Town, there are canteens, dormitories, and medical clinics to meet the needs of the employees. The company also encourages employees to settle their families locally. In 2013, there were 15 children of Chinese employees born locally. With meals and accommodations taken care of, and children born there, Chinese employees gradually regard South Africa as their “second home” and actively contribute to the development of this “homeland.”

海信南非的工厂为当地提供了近千个就业岗位，还带动了周边上下游产业的发展。南非公司积极投身于当地的公益事业，如赞助南非曼德拉日孤儿院、养老院，设立奖学金、助学金实现青少年的体育梦。

每逢佳节时，无论是**南非节日**还是**中国节日**，员工们都在一起庆祝；大家**凑钱供去世同事的女儿读书，企业为出车祸的司机安排其它岗位帮助其维持生计**等.

Hisense South Africa’s factory has provided nearly a thousand job opportunities for the locals and has also driven the development of upstream and downstream industries in the surrounding areas. The South Africa company actively participates in local public welfare activities, such as sponsoring orphanages and nursing homes for Mandela Day in South Africa, and establishing scholarships and grants to help young people realize their sports dreams.

During holidays, whether they are South African or Chinese festivals, employees celebrate together. They pool money to support the education of a deceased colleague’s daughter, and the company arranges other positions for a driver who was involved in an accident to help him sustain his livelihood, among other acts of solidarity.
